

HAZARDOUS HOUSEHOLD WASTE RECYCLING

May 16-17, 2019 9am-4pm

DO YOU HAVE HAZARDOUS HOUSEHOLD WASTE TO DISPOSE OF?

These materials can be harmful and should never go into your community's regular trash. One should **NEVER** place these hazardous household wastes (HHW) down a sink or storm drain - they could contaminate groundwater or even Lake Superior. Please drop off HHW and old **electronics** at the Maintenance Building near the dumpsters May 18-19, 8am-4pm. This collection is meant for Bay Mills tribal members.

Collection MAY 16-17, 2019
9am-4pm

This collection will be concurrent with Fall Clean-up. Those dumpsters will be available May 5-18 at the Maintenance Building. A reminder that tires are **NOT** accepted at this event, but Biological Services is collecting tires until Oct 15, 2019. If you have questions, please contact Biological Services at 906-248-8652.
