100 PURPOSE OF THIS MANUAL

100.1 This manual is designed to acquaint you with the organization and provide you with information about working conditions, employee benefits, and the policies affecting your employment. You should read, understand, and comply with all provisions of the handbook. It describes many of your responsibilities as an employee and outlines the programs developed by the Bay Mills Indian Community to benefit employees. One of our objectives is to provide a work environment that is conducive to both personal and professional growth.

100.2 No policy manual can anticipate every circumstance or question about policy. As the administration of Bay Mills Indian Community continues to grow, the need may arise to change policies described in this manual. The Executive Council therefore reserves the right to revise, supplement, or rescind any policies or portion of this manual as it deems appropriate, in its sole and absolute discretion. Employees will be notified of such changes as they are approved.

100.3 Management is primarily charged with implementing the Personnel Policies and Department procedures for the Tribe. Human Resources will assist executive management with ensuring these policies and procedures are implemented fairly and consistently between departments by offering training and assistance, and notifying executive management of any inconsistent application or lack of adherence to these policies.

100.4 The day to day administration has been delegated to the various Department or Enterprise managers for implementation.

MISSION STATEMENT

Mino Bimadziwiin, “good life”, guides Gnoozhekaaning, “Place of the Pike”, or Bay Mills Indian Community to promote the sovereignty, culture, and prosperity for our citizens, community, and employees to the benefit of present and future generations.

101 NATURE OF EMPLOYMENT *(revised 6/4/2023)*

101.1 Employment with the Bay Mills Indian Community is voluntarily entered into, and the employee is free to resign at any time. Similarly, Bay Mills Indian Community may terminate the employment relationship at any time, with cause as outlined under the policies and procedures listed herein this manual.

101.2 Policies set forth in this manual are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind or a contract of employment between Bay Mills Indian Community and any of its employees. The provisions of the manual have been developed with management and may be amended or canceled at any time, by the Executive Council.

101.3 These provisions supersede all existing personnel policies and practices and may not be amended or added to without the express written approval of the Executive Council.

101.4 These policies shall apply to all tribal positions except those listed below:

- A. Tribal officers elected by popular vote and persons appointed to fill vacancies in such tribal offices when acting in an elected capacity.
- B. Tribal judges when acting in an official capacity.

102 WHISTLEBLOWER POLICY *(revised 1/24/22)*

102.1 Bay Mills Indian Community is committed to maintaining compliance with all Federal, State, Tribal laws, rules, regulations, and policies and procedures. The Tribe encourages employees to bring forward non-compliance reports that have factual basis.

102.2 If employees have any concerns about work conditions, they must follow the policy guidelines under section 200 Employee Complaints and Resolution Process.

102.3 In the event of any concerns regarding actual or potential non-compliance, employees are encouraged to first express their concerns through their departmental chain of command. If unresolved, employees are encouraged to forward their concerns to the Human Resources Director, or appropriate law enforcement agency in a timely manner. Anonymous reports are discouraged for they make it difficult to assess reliability.

102.4 Any employee, who in good faith, report suspected violations of Federal, State, or Tribal laws, rules or regulations, policies or procedures will be treated as confidential to the extent that a full investigation may be conducted, consistent with applicable laws, regulations or policies.

102.5 The Tribe prohibits the discharge, threatening, demotion, suspension or other discrimination or retaliation against any employee for disclosing information, in good faith, of suspected violations of Federal, State, or Tribal laws, rules or regulations, policies or procedures.

103 POLICY REVIEW AND APPROVAL PROCESS (08/25/2025)

103.1 Policies must adapt with the changes and growth of an organization to ensure positive employee experience and organizational culture, and to ensure compliance with applicable regulations. As such, the Executive Council reserves the right to use any process to review, change, and adopt policies, it is generally expected that policy reviews, changes, and approvals will follow the process outlined herein.

103.2 Policies are discussed and reviewed by Human Resources, Executive Management, or other leadership teams. Appropriate changes and additions are drafted to reflect current needs, and presented to the Legal Department for review.

103.3 The final draft of the policy is presented to the Executive Council for approval by majority vote. The Executive Council is the only body that can approve or change personnel policies and procedures.

103.4 The Human Resources Department is responsible for notifying employees of all personnel policy and procedure changes and updating the handbook.

103.5 The personnel policies and procedures may be supplemented by specific program or department procedures of the Bay Mills Indian Community. Such policies cannot conflict with any policy listed in this manual.

- a. Any proposed departmental policies must be reviewed and approved by the overseeing executive manager (General Manager, Tribal Manager, Chief Financial Officer) and Human Resources Director, prior to implementation.
- b. Any proposed departmental policies must be reviewed by the Legal Department.
- c. Departmental policies and procedures may require additional approval from the Executive Council.
- d. Management must ensure all grant requirements, legal and/or gaming compliance requirements are met prior to implementing any departmental procedure.
- e. Any such department-specific procedures must be provided to those employees subject to them in writing.

200 EMPLOYEE COMPLAINTS AND RESOLUTION PROCESS

200.1 The employer believes that the work conditions, wages, and benefits it offers to its employees are competitive with those offered by other employers in this area. If employees have any concerns about work conditions or compensation, they should voice these concerns privately and directly to their supervisors.

200.2 Experience has shown that when employees deal directly with supervisors, and management keeps an open door policy with its employees, the work environment is excellent, communication is clear, and attitudes are positive. We strongly encourage open, honest communication between Management and Employees. Employees should first attempt to resolve any internal employment issues by following the chain of command. Employees should do so in writing to their department manager.

200.3 However, if an employee cannot resolve their complaint within the organizations chain of command, or have an internal conflict that would warrant bypassing this step, he or she can contact the Human Resources Director for assistance with the resolution of their specific complaint. Employees must do so, in writing, using the ***“Employee Complaint & Resolution Form”*** provided by the Human Resources Department.

200.4 The Human Resources Director will determine if the employee first attempted to resolve his or her complaint within his or her department, or have good cause to bypass the chain of command, prior to moving forward with the ***“Employee Complaint & Resolution Form”***. If the employee has satisfied that requirement, the Human Resources Director will accept the official complaint and forward a copy of the complaint form to the department manager and executive management to further facilitate the resolution.

200.5 The Human Resources Director will work in conjunction with the employee, the manager, and executive management to resolve such complaints. The Human Resources Director, in consultation with Executive Management, will issue a written notice to the Department Manager of the proper resolution of the employee complaint. Resolution to any specific complaint may require additional training, counseling, employment changes, disciplinary action or no action at all.

200.6 The Department Manager will follow up and issue a written notice to the employee of the proper resolution of this complaint, while copying Executive Management and the Human Resources Director. Such notices will exclude any specifics of actions that may have been taken against other employees to resolve this complaint. If the Department Manager is a participant of the employee’s original complaint, then Executive Management will issue such notice to the employee.

200.7 A copy of the complaint, and follow up from the Human Resources Director & Manager will be placed in the employees file.

200.8 Complaints are limited to issues that affect an employee’s ability to safely and consistently perform his/her employment functions within the Bay Mills Indian Community. Employees wishing to appeal employment disciplinary actions must do so under the tribe’s grievance procedure.

201 EQUAL EMPLOYMENT OPPORTUNITY

201.1 It is the policy of the Bay Mills Indian Community that employment decisions shall be based on merit, qualifications, and competence. In accordance with the spirit of Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. §§2000e(b), 2000e-2(i), we may grant first consideration for employment to people of Indian ancestry. Except where required or permitted by law, employment practices shall not be influenced or affected by virtue of an applicant's or employee's race, color, religion, sex, national origin, age, or any other characteristic protected by law. In addition, it is the employer's policy to provide an environment that is free of unlawful harassment of any kind, including that which is sexual, age-related, or ethnic. This policy governs all aspects of employment, promotion, assignment, discharge, and other terms and conditions of employment.

202 EMPLOYMENT POLICY *(revised 2/16/2024)*

202.1 RECRUITMENT When any vacancy occurs, the department manager will submit an approved labor request to the Human Resources Department to fill such vacancy. All current and new positions must have an approved job description on file prior to posting. The Human Resource Department, in conjunction with the Department Manager, will utilize any resources it deems appropriate for the recruitment of candidates.

202.2 All new or existing open positions must follow the Employment Policy, and be posted in accordance with the following guidelines. Changes to presently filled positions that simply consist of clerical changes in comparable job duties, title, or grant changes do not require the manager to post the filled position with modifications. Managers shall submit a justification memo to the Human Resources Department and shall work with the Human Resources Department to determine if position changes are significant enough to require the position to be posted as a new position.

202.3 All persons seeking Tribal employment must submit an accurate employment application to the Bay Mills Human Resources Department. Those submitting resumes must do so in conjunction with an application if not currently on file. Applicants must submit their application/resume for any specific posted position prior to its deadline. Applications & resumes will be maintained on file for one year.

202.4 POSTING The Human Resources Department will post all approved positions for a minimum of five working days at readily accessible locations throughout the tribe as well as any external method deemed appropriate by the Human Resources Director and Department Manager. Applicants not submitting ALL required materials listed in job announcement by deadline risk not being considered for the position.

202.5 After the closing deadline, the Human Resources Department will review the applications and files with the Department Manager. Individuals must recuse themselves from the hiring process once it has been determined that their immediate family member is a qualified applicant for a position. Management can exclude applicants from the interviewing process that clearly do not meet the posted requirements of the position. Applicants that managers cannot clearly determine whether or not the applicant meets the posted qualifications should be extended an interview to better determine their qualifications. The Department Manager will provide Human Resources, in writing, a list of those applicants he or she would like to interview, and those he or she excluded, along with documentation of both qualifying and disqualifying attributes of each applicant. Immediate family is defined in section 704.3.

202.6 SELECTION The tribe has adopted the Preference Policy that gives preference to applicants who meet or exceed the ***minimum qualifications*** for a posted position in the following order:

1. Bay Mills Tribal Members.
2. Spouses\Parents of Bay Mills Tribal Members
 - a. Native Parents\Spouses
 - b. Non-Native Parents\Spouses
3. Native Americans (Other tribes)
4. Non-Native

202.7 The Human Resources Director, or designee, and the Department Manager will determine if the applicants meet the ***minimum qualifications*** based solely on the posted requirements of the position and the interview process. Department Managers are responsible for updating annually the position descriptions along with minimum qualifications of the position. If more than one tribal applicant meets the minimum qualifications, the department manager assumes the responsibility to select the best candidate suited for the

position and department. The Human Resources Director, along with the department managers, will be responsible for ensuring compliance with this Employment Policy.

202.8 Internal non-probationary employees, with exemplary work records may be given preference for any posted position during the selection process over external applicants. Demotions to a previously held position do not have to follow this employment policy. All other hiring decisions must follow this policy, unless the department manager obtains a policy exception from the Executive Council to bypass this policy.

202.9 Human Resources Department will assume responsibility for communicating all hiring decision, as soon as possible. Communications can be official letter, phone call, email, or in person and should be completed within two (2) business days from the date an official selection has been made.

202.10 IMMEDIATE FAMILY MEMBERS The Tribe discourages the hiring of immediate family members, or significant others that would create either a direct or indirect supervisor/subordinate relationship or that would create either an actual conflict of interest or the appearance of a conflict of interest. Department Managers will be responsible for making efforts to prevent such conflicts of interest.

202.11 EMPLOYMENT WAITING PERIODS Any tribal employee who is terminated or submits a resignation without notice must serve a 90 day waiting period before they are eligible for re-employment with the Tribe. However, employees who provide and fulfill a two-week written notice will not be subject to any waiting period.

No waiting periods will be waived

203 EMPLOYMENT APPLICATION ACCURACY

203.1 Employment Application Accuracy: This Section contains one provision that applies to all employees [§203.1], and two which only apply to “Gaming Enterprise” employees [§§203.2 and 203.3. Instead, the difference is that those persons have to be licensed by the Tribe’s Gaming Commission. It is the Commission which has its own application for the requisite license, which includes the required background investigation (mostly criminal history, with a need for fingerprints), as well as a privacy notice and very specific language relating to the consequences of providing false or misleading information on the application for the license.

204 CHARACTER INVESTIGATIONS

204.1 Certain positions within the Bay Mills Indian Community require a character investigation. Hiring and continued employment in these positions is contingent upon meeting the standard of character the Tribe has adopted or the State-Tribal Compact and Federal Statute impose.

204.2 The Tribe will conduct a background investigation on applicants and employees applying for positions considered to be sensitive, whether law enforcement, human services, medical or gaming. The depth of background investigations will depend on the position, and will be outlined in the positions job description, employment contract or hiring agreement. This investigation will, at a minimum, require that a criminal history background check be conducted.

205 EMPLOYMENT PHYSICAL EXAMINATIONS AND SCREENINGS

205.1 All newly hired healthcare workers will receive Tuberculin skin testing. Medical, Dental, Behavioral Health, Community Health and Emergency Medical Service providers with direct patient contact will receive Tuberculin skin testing per the Center for Disease Control (CDC) guidelines.

205.2 Employees who fail to follow this policy will be subject to the Tribe's disciplinary policy as outlined in section 400.6 for failure to follow policies and procedures.

Procedure:

1. Community Health will provide the Tuberculin skin tests and the reading of the tests. **It will be the employee's responsibility to complete this procedure.** The actual Tuberculin skin testing and reading of the test is at no cost to the employee.
2. Employee files are kept confidential in the Human Resources Department within their safety record and in their medical electronic health record.
4. Community Health and/or a Medical Provider will evaluate any **positive** Tuberculin skin test. If necessary, the employee will be referred to their medical provider.
5. Any additional testing, evaluation and/or medication will be at the expense of the employee. If test results are positive, the employee will be excluded from work until there is a negative chest x-ray and has started adequate preventive treatment.
6. If there is an active TB infection, the employee will not return to work until:
 - Cough is resolved
 - 3 negative lab tests for sputum smears are obtained
 - Adequate treatment regime is instituted.

For active TB disease, it is public law that the entire course of treatment be completed.

205.3 Employees with frequent absences or difficulty in carrying out their job responsibilities can be required to have a physical exam. Managers will contact the Human Resources Department, to coordinate physical exams, using the duties and responsibilities as well as the physical requirements of the positions official job description.

206 IMMIGRATION LAW COMPLIANCE

206.1 Bay Mills Indian Community is committed to employing only United States citizens and aliens who are authorized to work in the United States and the Tribe complies with the Immigration Reform and Control Act of 1986, P.L. 99-603, 8 U.S.C. 1101, et seq., and as it may hereafter be amended.

206.2 As a condition of employment, each new employee must properly complete, sign, and date the first section of the Immigration and Naturalization Service Form I-9. Before commencing work, newly rehired employees must also complete the form if they have not previously filed an I-9 with the Bay Mills Indian Community, if their previous I-9 is more than three years old or if their previous I-9 is no longer valid.

The report shall detail the circumstances, including the applicable dates and times of reported drug-related incidents, reliable and/or credible sources of information, and any other supporting information. The appropriate manager shall then bring all documented information justifying the reasonable suspicion testing to the Human Resources Director.

The Human Resource Director will review all provided documentation and information. If it is determined that reasonable suspicion exists, the Human Resources Director shall require the employee to submit to a drug test.

Employees who are promoted/demoted/transferred within the organization must complete a probationary period of the same length with every reassignment to a new position.

208.2 Any absence of more than 14 unpaid days will automatically extend the probationary period by the length of the absence. If the employer determines that the designated probationary period does not allow sufficient time to thoroughly evaluate the employee, the employer may extend the probationary period for a specified period, not to exceed 60 days. Any extension must be done prior to the end of the probationary period.

208.3 Supervisors overseeing probationary employees are to observe carefully the performance of each employee in a new job position. Employee performance deficiencies, conduct or attitude are to be documented.

208.4 Immediately prior to the completion of the six-month probationary period, the immediate supervisor will complete a standardized probationary period evaluation. Probationary employees must receive a satisfactory rating or higher at the end of the probationary period for continued employment.

208.5 Employees dismissed during the probationary period shall have no right to appeal the dismissal as outlined in the grievance policies in Part 406.

208.6 Probationary employment status does not affect eligibility for employer-provided benefits. Employees are eligible for benefit programs according to the terms and conditions of each program. Probationary employees will assume non-probationary status upon satisfactory completion of the probationary period, or extended probationary period.

209 EMPLOYMENT CATEGORIES (revised 6/23/2025)

209.1 It is the intent of the employer to clarify the definitions of employment classifications so that employees understand their employment status and benefit eligibility. Each employee will belong to one of the following employment categories:

209.2 FULL - TIME: Employees who are regularly scheduled to work at least 30 hours per week are eligible for employer's full benefit package subject to the conditions, and limitations of each benefit.

209.3 PART - TIME: Employees who are regularly scheduled to work at least than 20 hours but less than 30 hours per week are eligible for leave benefits, but are not eligible for health insurance, disability, or life insurance coverage.

209.4 VARIABLE TIME: Employees who are regularly scheduled to work less than 20 hours per week. Variable time employees accrue sick leave.

209.5 TEMPORARY: Employees are classified as temporary if they are: working under a job training / rehabilitation program; hired as interim replacements; hired to temporarily supplement the work force; or to assist in the completion of a specific project. Temporary status should not extend beyond one year of employment, unless grant/contract provisions apply. Temporary employees accrue sick leave.

209.6 SEASONAL: Employees are classified as seasonal if their annual employment is customarily 6 months or less, and the period should begin each calendar year in approximately the same part of the year. Seasonal employees accrue sick leave.

209.7 CHILD LABOR PROVISIONS: Youths 14 and 15 may perform non-hazardous jobs under the following conditions: no more than 3 hours on a school day, 18 hours in a school week, 8 hours on a non-school day, or 40 hours during the summer months. 209.10 Youths still in school must maintain at minimum a passing GPA (C) to continue employment during school months. Report Cards must be submitted to their immediate supervisor after each semester. Youths who have dropped out of school may not work Full-Time until they are 18 years of age.

210 LAYOFFS AND RECALL

- 210.1** Every attempt will be made to notify employees as far in advance as possible about expected layoffs. Both temporary and permanent layoffs will be covered under the provisions of this policy. Generally, there are three reasons for layoffs: seasonal layoffs, reduction in staff due to slower business operations, or the elimination of position.
- 210.2 Seasonal:** Employees in this category will be placed on a layoff status at the end of the season. Layoffs and recall will be done at the beginning and the end of each season.
- 210.3 Reduction:** Reduction in work force occurs when the staffing levels are not supported by the business operations. Volunteers may be requested first. Secondly, temporary or probationary employees should be laid off next and will maintain no employment status. Lastly, both seniority within the department, and employee performance will be considered prior to layoffs.
- 210.4 Position Elimination:** Executive management may eliminate unneeded positions. Attempts will be made to accommodate those into other like positions that he/she may qualify for prior to elimination of the position.
- 210.5** Employees who are laid off will be maintained on a recall list for six months. Seasonal employees may remain on the recall list until the beginning of the following season.
- 210.6** Employees may be recalled to their previously held positions, or another position with similar level of responsibility and compensation that they qualify for within the organization. The employee will be notified either by phone and/or certified mail of their recall to work. Employees will have up to 5 days from the date notified, or attempted delivery to last known address, to return to work to the position offered; otherwise all rights and employment will be officially terminated. Removal from the recall list terminates all job rights the employee may have. Employees who do not keep a current phone and home address on record with the Human Resources Department will also lose their recall rights.
- 210.7** Employees will be recalled according to the needs of the department and their ability to perform the position. The order of recall for employees being reinstated will be in reverse order of the layoff.
- 210.8** Any employee on approved leave during a layoff period will be subject to layoff upon returning to work in accordance with the above considerations.
- 210.9** Employees laid off will be given the option of selling back their vacation or annual leave. An opportunity to continue coverage under the organizations employee benefit plan will be given to employees receiving benefits at the time of layoff, in accordance with COBRA guidelines.
- 210.10** For benefit purposes, an employee's length of service will be reduced by the length of time the employee was laid off.
- 210.11** Probationary and temporary employees have no recall rights with the organization. They may be rehired at the discretion of the organization.
- 210.12 Note:** Layoffs are not to be used as an alternative to disciplinary action.

If this prevents the employee from fulfilling their job duties and responsibilities outlined in the position description, their employment may be terminated.

211.5 If the employee has 6 points on their MVR from infractions or patterns not deemed to be serious in nature, the employee will be placed on "watch" status. This means the insurance carrier feels there are conditions that would deem the employee acceptable as a driver, but due to the number/type of infractions reflected on the MVR, they will run the MVR more frequently to ensure there are no other violations within a period of time. The employee and the department manager will be notified of this status.

211.6 It is the responsibility of the employee to report any changes in licensure (restrictions, suspension, revocation, additional endorsements, etc.) to Human Resources within 48 hours. Failure to report infractions may result in disciplinary action, up to and including termination.

304.2 All promotions/transfers/demotions may require the purchase of two new uniforms, again one at the expense of the employee and the other at the expense of the employer.

304.3 The employee will pay the total cost for any additional uniforms. Management reserves the right to request employees to purchase additional uniforms to maintain a neat and tidy appearance of the department.

400 DISCIPLINARY PROCEDURES (revised 6/4/2023)

400.1 Bay Mills Indian Community has adopted a progressive discipline policy to identify and address employee and employment related problems. The purpose of progressive discipline is to assist employees by providing a structured corrective action process to improve and prevent a recurrence of undesirable employee behavior and performance issues. This policy applies to any and all employee conduct that the company, in its sole discretion, determines must be addressed by corrective action.

400.2 Of course, no discipline policy can be expected to address each and every situation requiring corrective action that may arise in the workplace. Therefore, the Company takes a comprehensive approach regarding corrective action and will attempt to consider all relevant factors before making decisions regarding corrective action. An employee may be subject to disciplinary action for not meeting employer standards of behavior or performance or for violation of a rule or procedure contained within these policies or individual departmental procedures. To assist managers and employees, general policy violations are listed in section 401 of these Personnel Policies and Procedures.

400.3 In carrying out responsibilities under the progressive discipline procedures outlined in this section, a manager must initiate and complete the disciplinary action as soon as possible. It is important that discipline is applied in a fair and consistent manner. The manager has a critical role in conducting a fair and objective investigation of a situation. An investigation may be as simple as confirming a late arrival through a time clock or more complex with interviewing many employees and reviewing documents. More complex investigations, or for violations listed under sections 401.2, should be conducted in coordination with the Human Resources Director and Senior Management official of the facility.

400.4 Prior to taking any disciplinary action, the supervisor should first ensure the following;

- A. That the employee had knowledge of the Bay Mills Policy & Procedures and/or Departmental Procedure;
- B. That a fair and adequate investigation has been conducted ensuring that a policy has been violated; including but not limited to, speaking with both parties involved and relevant witnesses; securing witness statements and statement from both parties, getting surveillance reports or other relevant evidence of wrongdoing;
- C. Prepare a written action notification form, or other acceptable document to give to the employee which cites the policy violated along with the actions necessary to correct it.

400.5 Progressive discipline should be used for violations outlined in section 401.1 of these policies. Only similar occurrences or policy violations should be used to continue with the progressive disciplinary process. Managers should also document all informal discussions it has with employees on performance issues. Under normal circumstances, the Tribe endorses a policy of progressive discipline outlined below in which it attempts to provide employees with reasonable notice of deficiencies and an opportunity to improve.

400.6 Informal Discussion(s): Although not a requirement of management, in many situations informal discussion/verbal counseling is sufficient and highly recommended, especially for probationary employees. The purpose of an informal discussion is to clarify policies and expectations. The manager will document informal discussions in writing for his or her records that the conversation occurred. This action is not considered part of the disciplinary process and is not punitive in nature and therefore cannot be grieved by the employee.

400.7 Step 1 - Written Warning: The first step in the corrective action process taken by a manager in which he or she notifies an employee of behavior, performance or violation of policy to be corrected. The manager should follow up with a written warning using an Action Notification form or other acceptable format for all employee performance deficiencies or policy violations that fall under 401.1 that occur within a 12 month period. The Action Notification should describe the unacceptable conduct, outline expectations, and state that further disciplinary action will occur if the behavior continues within 12 months.

400.8 Step 2 - Written Reprimand: The Second step in the corrective action process taken by a manager when an employee continues to violate the same or similar policy, behavior or performance for which he or she has received a written warning. The manager should again document with a written reprimand using an Action Notification form or other acceptable formats. The Action Notification should again describe the unacceptable conduct, outline expectations, and state that further disciplinary action, including suspension and/or termination will occur if the behavior continues within 12 months.

400.9 Step 3 - Final Action Notification: The third and potentially final step in the corrective action process taken by a manager when an employee continues to violate the same or similar policy, behavior or performance for which he or she has received a written reprimand. Depending upon the severity of the infraction the supervisor may: (1) issues a Final Action Notification; (2) suspend the employee; or (3), terminate the employee. Employment may be terminated based on progressive discipline within a 12-month period or based on the severity of a single incident

400.10 However, a single incident may be so serious in nature that management should bypass progressive discipline and issue a Final Action Notification with suspension and/or termination. As noted above, the supervisor should work in consultation with Human Resources Director and Senior Manager prior to issuing a Final Action Notification with suspension and/or termination.

400.11 The manager may immediately suspend pending investigation and, if appropriate, terminate the employee. Matters for which violation is considered serious misconduct are outlined in Part 401.2 of these policies. However, the facts and circumstances of each case will determine what action is appropriate.

400.12 Suspension: The suspension shall be without pay. No holiday or leave benefits will be accrued or used during this time. The length of suspension is based on the severity of the infraction, but in no case more than (5) five days.

400.13 Termination- This action is taken by the Management when an employee has continued with actions or behavior for which he or she has received a written warning and written reprimand or for cases of serious misconduct listed under section 401.2.

400.14 Managers following the progressive disciplinary process, or issuing a final action notification must:

- A. Ensure all necessary requirements listed under 400.5 are completed;
- B. Meet with the employee *in person* to discuss the matter. If necessary, the manager or employee can request a Human Resources Representative or another management official to be present during this process;

- C. Give the employee the opportunity to make comments, sign the document, and supply the employee with a copy of the written action notification and submit a copy to the Human Resources Department for inclusion in the employee's personnel file.
- D. If the employee fails or refuses to return to the workplace to discuss a Final Action Notification with their manager, then the following steps should be taken:
 - 1. Document attempts made to contact the employee;
 - 2. Mail the employees copy of the action notification to the employee's last known address stating last date of employment and reason for separation.
 - 3. Forward a copy to the Human Resources Department for inclusion in the employee's personnel file

400.15 Employee behavior that is illegal, such as theft, drugs on property, fighting or acts of violence are not subject to progressive discipline and should be dealt with by management as well as then turned over to the appropriate law enforcement authorities.

400.16 Uniform application of the disciplinary procedure is necessary to ensure fair and consistent treatment of all employees. It is advised that supervisors contact the Human Resources Director when administering or considering disciplinary action under this policy, to review the employees file and to ascertain the type of disciplinary action taken in similar circumstances.

400.17 An employee's disciplinary record may be cleared of minor infractions listed under the Personnel Policies and Procedures section 401.1 if the employee works one full year without any further violations of rules of conduct. The employee must put his or her request to have action notification removed in writing to the department manager, and both the department manager and HR Director must agree to remove employee action.

401 EMPLOYEE CONDUCT *(revised 1/24/22)*

401.1 To assure orderly operations and provide the best possible work environment, the employer expects employees to follow rules of conduct that will protect the interests and safety of all employees and the employer. It is not possible to list all the forms of behavior that are considered unacceptable in the work place, but the following are examples of violations of the rules of conduct that may result in progressive disciplinary action. 402 ATTENDANCE POLICY GOVERNMENTAL & ENTERPRISE (revised 2/16/2024)

402.1 The Bay Mills Indian Community expects employees to maintain an acceptable attendance record. Employees must communicate all anticipated absences to their direct supervisor or manager and receive the appropriate approval to use any of the leave afforded to employees by Bay Mills Indian Community.

402.2 In the event an employee is late or absent for their shift, managers and supervisors will begin progressive disciplinary action to address the excessive tardiness or absenteeism under Section 400, Disciplinary Procedures. Unless a department manager has developed alternative attendance standards, and obtained approval from executive management, the below attendance standards will be utilized when following progressive disciplinary actions:

1. Written Warning: Three (3) unexcused tardies/early outs or one (1) unexcused absence
2. Written Reprimand: six (6) unexcused tardies/early outs or two (2) unexcused absences
3. Final Action Notification: nine (9) unexcused tardies/early outs or three (3) unexcused absences.

402.3 In the event an employee fails to notify their direct manager or supervisor at a minimum of 1 hour prior to the start of their shift of any absence under the sick leave or personal leave policy, managers and supervisors will begin progressive disciplinary action to address the excessive tardiness or absenteeism under Section 400, Disciplinary Procedures.

402.4 An absence is defined as any absence without having any leave time to utilize or without obtaining the proper approval for such leave under the written guidelines within those policies. A tardy is defined any occurrence to where an employee reports to work thirty (30) minutes or less to an employees scheduled shift. Any tardy beyond 30 minutes is subject to managers approval, or otherwise is considered an absence. Employees are still required to give management notice of their tardiness. Progressive Disciplinary actions for Attendance will be implemented on a rolling calendar year under Section 400, Disciplinary Procedures.

402.5 In the event an employee exceeds that allowable 40 hours of undocumented sick leave during a given calendar year, managers and supervisors will begin progressive disciplinary action to address the excessive tardiness or absenteeism under Section 400, Disciplinary Procedures.

402.6 Employees needing to leave the workplace early for personal reasons will follow the same progressive disciplinary guidelines as a tardy. However, any manager may allow an early out or no shift to any employee when the needs of the Department are being met without applying progressive discipline. Managers will get **consent** from employees to utilize accrued leave for any hours below their scheduled weekly hours for early outs or no shifts approved by the Manager.

402.7 On high need days as identified in Section 700.12, an employee must receive approval from their direct manager or supervisor for annual or personal leave usage. In the event sick leave is used for excessive tardiness or absenteeism during high need days managers and supervisors will begin progressive disciplinary action to address the excessive tardiness or absenteeism under Section 400, Disciplinary Procedures.

402.8 Bay Mills Indian Community considers no call no shows unacceptable. If an employee is a no call no show for any schedule shift, the employee will be automatically terminated, pending first review from Executive Management to review any mitigating circumstances. A No-call No-Show is not showing for your shift or not notifying your department manager within one (1) hour after the start of your shift of your absence.

402.9 Managers and supervisors must communicate all attendance infractions to employees within a reasonable time period. Unless mitigating circumstances exist, this must be within 14 working days from when the infraction occurred. If Managers and supervisors fail to communicate attendance infractions, General Management will begin progressive disciplinary action to address failure to follow policies and procedures under Section 400, Disciplinary Procedures.

402.10 Bay Mills Indian Community is committed to ensuring fair and equitable implementation of this policy. If an employee has knowledge of any unfair or inconsistent application of this policy, please report to the Human Resources Director. Attendance infractions will transfer with the employee between tribal departments he/she may work for or transfer to.

403 CODE OF CONDUCT (revised 2/4/19)

403.1 Employees have an obligation to conduct business within guidelines that prohibit actual or potential conflicts of interest. No employee of the Bay Mills Indian Community shall participate in selection or in the award of a contract if a conflict of interest would be involved. Such a conflict would arise when, the employee, or any member of his/her immediate family as defined in section 706.3, or an organization which employs, or is about to employ, any of the above, has a financial or other interest in the selection for award.

403.2 No employees or agents of Bay Mills Indian Community shall solicit nor accept gratuities, favors, bribes, price breaks, or anything of monetary value from contractors, potential contractors, vendors, or any person or entity which is under consideration by the Tribe to become a contractor or vendor. Depending upon the circumstances, exceptions to this provision may be granted only in situations where the financial interest is less than fifty dollars or the gift is an unsolicited item of nominal intrinsic value.

403.3 An employee of Bay Mills Indian Community shall be careful to ensure that he or/she is involved in no apparent or potential violations of this provision. Any employee or agent of the Bay Mills Indian Community should report violations of this Code of Conduct to his or/her manager. No "presumption of guilt" is created by the mere existence of a relationship with outside firms. However, if an employee has any influence on transactions involving purchases, contracts, or leases, it is imperative that he or she disclose to his or her manager of the department as soon as possible.

403.4 There will be no retaliation against any party who makes a good faith complaint concerning violations of this Code of Conduct; nor will there be any retaliation against any party who provides information in the course of an investigation into alleged violations of this Code of Conduct. All departmental managers have a responsibility to be sensitive to and deal with violations of this Code of Conduct.

403.5 Any employee or agent of the Bay Mills Indian Community, determined to have committed a violation of this Code of Conduct shall be subject to disciplinary action, up to and including termination.

404 NON-DISCLOSURE

404.1 The protection of confidential and organizational information is vital to the interests of the Tribe.

404.2 Any employee who discloses confidential information will be subject to disciplinary action (including possible discharge) and legal action, even if he or she does not actually benefit from the disclosed information.

404.3 Specific departments and/or positions will also be subject to a higher standard of confidentiality in accordance with HIPAA (Health Insurance Portability and Accountability Act) Privacy Rule.

404.4 Those positions subject to compliance with HIPAA Privacy Rule will be identified on Bay Mills Indian Community “position description”.

404.5 Personnel hired into a position subject to compliance with HIPAA Privacy Rule must complete the HIPAA Privacy Rule training, as set forth by the Bay Mills Medical Center, within their first week of hire.

405 GRIEVANCE PROCEDURE

405.1 The Bay Mills Indian Community will do its utmost to insure that working conditions are as pleasant as possible and that each employee receives equal, courteous and fair treatment. The tribe seeks to secure, at the lowest level possible, a fair and timely solution to the complaints or grievances of its employees.

405.2 A grievance is a dispute, or claim arising under the terms of this policy and filed by an employee of any facility owned and operated by the Bay Mills Indian Community. Grievances are limited to matters of alleged violation, mistaken interpretations, or unfair application of a policy or department procedure. Employees who have not completed his or her original hire probationary period are not eligible to utilize this grievance procedure.

405.3 There shall be a Grievance Board created for the purpose of hearing grievances as defined above in Section 405.2. The Human Resources Director will post a vacancy announcement at the end of each calendar year. Any employee or community member interested in becoming a member of the Grievance Board will submit a short narrative to the Human Resources Director within 14 days from the date of posting. This narrative will briefly state their individual reasons for wanting to participate in this grievance process. The Human Resources Director will bring all submissions to the Executive Council for review and selection. 410 PERFORMANCE IMPROVEMENT PLANS (08/25/2025)

410.1 Bay Mills Indian Community believes that performance issues are correctable and will provide employees the opportunity to improve their performance, while holding them accountable for past performance. This policy guides managers and employees in addressing the need to improve performance. This process should be grounded in a spirit of respect and support, consistent with the values of Bay Mills Indian Community.

410.2 A Performance Improvement Plan (PIP) is a series of measures designed to help improve an employee's performance. The PIP will communicate performance discrepancies, when an improved level of performance is to be achieved, and the actions and steps that will assist the employee in meeting performance expectations. The PIP process is meant to be collaborative, transparent, and supportive, providing resources to the employee to succeed.

410.3 A PIP should be implemented to aid in correcting performance challenges associated with the skills and expertise of employees. A PIP may be used in conjunction with performance-based disciplinary procedures, as outlined in Section 400 of this Manual. Performance Improvement Plans are not to be used for issues of conduct, insubordination, or workplace rule violations, which are governed under the Conduct and Discipline Policy (Section 400).

410.4 Department supervisors have the responsibility of communicating the expected performance standards of the position through the position description, departmental procedures, applicable regulations, annual performance appraisals, indepartmental memos, email communications, or other targets, objectives, and goals of the department. Thus, the definition of poor performance is work performance and work product that does not meet the job requirements outlined by their department supervisor in the manner described above.

410.5 The supervisor is responsible for monitoring the PIP with regular checkins to measure and discuss improvement. The supervisor is responsible for providing necessary coaching, mentoring, and training to ensure success of the plan. The supervisor may employ techniques such as retraining, reallocation of duties, additional support from colleagues, process or systems changes, or other strategies as appropriate for the position.

410.6 Performance Improvement Plans should be reviewed with the Human Resources Director prior to issuing. Managers may ask Human Resources to assist in the meeting. Performance Improvement plans must contain three components. A sample format is attached in the appendix.

410.7 Performance Improvement Plan Component 1: Written narrative to identify which expected performance standards are not being met, with a summary of specific and objective examples

410.8 Performance Improvement Plan Component 2: Identify a plan to improve performance that contains specific standards that the employee is expected to achieve which are objectively or quantitatively measurable, attainable and relevant for the position, and be timebound, with specific dates and timelines for completion of improvement measurements. Support and resources available for the employee should be identified.

410.9 Performance Improvement Plan Component 3: Identify consequences of meeting or not meeting PIP. If all goals/objectives are met, the PIP will have been completed successfully. If goals/objectives are

not met, additional steps may be taken which may include Performance Improvement Plan extension, demotion, recommended transfer, or termination of employment.

410.10 A PIP must contain a meeting schedule for one-on-one followup between the manager and employee. These discussions should include how and if objectives are being met, additional resources the employee may need, and address any questions or concerns.

410.11 All PIPs must specify a review period, generally ranging from 30 to 90 days. A written summary of the employee's progress and final outcome will be documented and retained in the employee's personnel file. Human Resources must participate in the final review and determination of next steps.

500 COMPENSATION *(revised 11/13/2023)*

500.1 Employees will be compensated fairly, without regard to age, sex, race, color, religion, or disability, and in accordance with all applicable laws and regulations, and subject to such budgetary considerations as business conditions may create.

500.2 The Human Resources Director has overall responsibility for implementation and the day-to-day administration of this policy. Department Managers and Supervisors are responsible for setting clear objectives to subordinate's, conducting fair evaluations and helping employees improve performance.

500.3 Job Analysis and Evaluation Each position in the organization must be thoroughly analyzed and described. The Department Manager, in conjunction with the Human Resources Director, are responsible for the development and evaluation of each current or proposed position description. Each position will be evaluated and assigned to an appropriate labor grade and rate range. No new positions will be filled until this process is completed and approved by the General Manager and/or Tribal President and the Human Resources Director

500.4 New Hires New employees are normally paid at the minimum rate which represents the lowest rate paid for a particular job/salary grade. In determining the appropriate rate of pay for a new hire, consideration must be given to pay equity within the department, as well as the new employee's overall experience, training, and skill level. The Department Manager may request an appropriate starting wage higher than the minimum rate. *(see 500.8)*

500.5 Promotions A promotion is defined as a job change resulting from a job posting or reclassification, in which the new position has a higher grade than that of the previous position. The amount of promotional increase, if appropriate, should be developed with consideration of several factors:

1. The magnitude of the job change (i.e., number of grades, etc.)
2. The current level of the promoted employee's skills and experience as related to the new position;
3. The internal equity of the existing employees (i.e., what other employees in similar positions with comparable experience are earning);
4. The earnings history (including current salary) of the promoted employee.

500.6 Transfers When an employee transfers to a new department; either moving to a higher or lower grade level, they are subject to the starting wages of that position. Department Heads can request an appropriate starting wage above the minimum, based on the employees education, experience and training relevant to the position. This transfer date will be their new evaluation date. Certain positions within a department will be allowed to transfer between positions without their evaluation dates being changed.

500.7 Demotions Employees being demoted within the department will be subject to the pay range of the new position. Employees demoted or transferred to another department are subject to the minimum pay rates of the new position.

500.8 All Managers may request a higher starting wage for any new hire, employee transfer, or demotion. All higher wage requests must be submitted to and approved by both the General Manager/Tribal Manager and the Human Resources Director.

500.9 Employees may become eligible for a pay raise at the end of one year's service and on each anniversary thereafter. The amount of a raise depends on the *employee's performance* over the preceding year and budgetary limitations. Total percent increase may change from year to year based on finances of the employer.

500.10 Performance Evaluation A written performance evaluation will be conducted by the supervisor at the end of the employees six month's service using the Human Resources Employee Performance Evaluation; the Evaluation shall also be utilized at the end of a year's service, and on each annual anniversary thereafter. The results of each annual review will be used to determine the amount of any pay raise to be awarded. Performance is judged by the Manager, using objective measures, to the extent possible, and pay raises are reviewed and approved by the Department Manager.

500.11 Exempt/Non-Exempt Each position must be classified as "exempt" or "non-exempt". This determines whether the position is exempt from the provisions of the Fair Labor Standards Act. The Human Resources Director, in conjunction with the General Manager/Tribal Manager will determine such exemptions.

500.12 Review Process All wage requests outside the standard annual performance based increases must be reviewed and approved prior to implementation. All requests within the enterprise operations must be reviewed and approved by the Department Manager, in conjunction with the Human Resources Director and General Manager. All requests within the governmental operations must be reviewed and approved by the Department Manager, in conjunction with the Human Resources Director and Tribal Manager.

500.13 Maxed Out Employees: In the event that an employee attains the maximum pay rate for his/her position, whether it be an hourly rate or salary, the employee is no longer eligible for a performance increase. However, such an employee may receive an increase not to exceed 1.5% of the employee's current rate of pay, as part of the employee's annual evaluation conducted by the Department Manager, and will remain eligible for such an increase so long as the employee continues to be employed by the Tribe in that position. In order to receive such an increase, Evaluations must be conducted by the Department Manager when providing a raise to a maxed-out employee.

501 PAYDAY

501.1 Employees will be paid on a biweekly basis. The first day of the pay period is Sunday and the last day is Saturday. Payday will be the Thursday following the end of the pay period.

501.2 In the event that a regularly scheduled payday falls on a scheduled holiday, employees will receive pay on the last day of work before the regularly scheduled payday unless otherwise stated by Accounting.

501.3 Timesheets must be signed off by 10am the Monday of pay week. No changes can be issued if changed in timekeeper after that.

501.4 Unless communicated otherwise by the Accounting Department, a payroll correction is needed after the 10 am cut off, management must forward a completed payroll correction form to accounting. Only 75% of the correction will be issued. Hours will be reconciled with next pay period.

600.2 Enterprise Employees will have benefits comparable to the Governmental Employees. However, because of the State-Tribal Gaming Compact and possibly Federal Legislation the benefits may not be identical. An example is that Enterprise Employees are covered by worker's compensation instead of Short and Long Term Disability Insurance Coverage as Governmental Employees.

700 ANNUAL LEAVE BENEFITS - GOVERNMENTAL & ENTERPRISE (revised 6/4/2023)

700.1 Regular full-time (30-40 hours scheduled) and regular part-time (20-29 hours scheduled) employees are eligible for annual leave benefits as described below.

700.2 All requests for annual leave must be submitted in writing to an employee's manager, at least two (2) working days in advance of the requested leave time. On days identified as high need days, all requests for annual leave must be submitted in writing to an employee's manager at least fourteen (14) working days in advance of the requested leave time (see 700.12 for high need days).

700.3 Annual leave requests must be approved by an employee's manager. The employee is responsible for getting signed approval of his or her manager.

700.4 Requests will be evaluated based upon various factors, including anticipated operating requirements and staffing considerations during the proposed period of absence.

700.5 Annual leave shall not be used until after it has been accrued. Annual leave will be accrued at the end of each pay period.

700.6 It is the responsibility of the employee to ensure that he or she has adequate annual leave time available before using it.

700.7 Upon normal termination of employment, employees will be paid for unused annual leave benefits that have accrued through their last day of work, up to the maximum carryover allowed (104 hours).

700.8 Only regular part-time and regular full-time employment will be counted towards length of continuous service for annual leave benefits. Annual leave is awarded to eligible employees according to the following schedule:

<u>Length of continuous service - Accrual rate</u>	<u>Part-Time</u>	<u>Full-Time</u>
Less than 3 years	1 hour p/w	2 hours p/w
More than 3 years/less than 10 years	1.5 hours p/w	3 hours p/w
Over 10 years	2 hours p/w	4 hours p/w

700.9 Regular part-time employees will receive ½ the accrual rate of regular full time employees. Employees scheduled between 20-29 hours are considered regular part-time (see 209.3)

700.10 Employees are not eligible for leave accruals until they are (18) eighteen or provide proof of graduation to HR Director. At that time, their eighteenth birthday or proof of graduation will be used as their anniversary date and not their original date of hire.

700.11 Employees are strongly encouraged to take earned annual leave during the benefit year of its accrual. In the event that an employee has not used all annual leave benefits by end of the last pay period containing December 31st, he or she will be allowed to carry over a maximum of 104 hours into the next year. Any accruals over 104 hours will be lost and will not be compensated.

700.12 High need days are days identified by Enterprise and Governmental management in which a special event, training, or activity is taking place that requires full staffing by the Department to meet the needs and demands of the operations. All high need days will be communicated by Enterprise management to

employees one (1) month in advance, with annual high need days identified by Enterprise and Governmental management at the start of the year.

700.13 Employees found to be abusing the annual leave policy will be subject to disciplinary action, up to and including termination.

700.14 Employees transferring between governmental and enterprise positions will have their leave carry over to their new position. However, employees have the ability to sell back up to forty (40) hours of annual leave prior to transferring.

701 SICK LEAVE BENEFITS (revised 6/23/2025)

701.1 Regular full-time (30-40 hours scheduled), regular part-time (20-29 hours scheduled), variable time (less than 20 scheduled), seasonal, and temporary employees are eligible for paid sick leave benefits for periods of temporary absence due to illnesses or injuries.

701.2 Sick leave is provided to eligible employees as a benefit of employment. Sick leave is intended, and shall be used for illness or injury related absences from work. It is not an alternate form of annual leave. It is to be used when an employee is unable to report to work and properly perform his or her work duties. It is the intention of his or her manager to monitor use of sick leave carefully and correct situations where misuse or inappropriate use occurs.

701.3 Regular full-time employees will accrue sick leave benefits at the rate of 2 hours per week. Regular part-time employees will accrue sick leave benefits at the rate of 1 hour per week. Variable employees, seasonal employees, and temporary employees will accrue sick leave benefits at the rate of .034 hours per 1 hour worked.

701.4 Employees may not use sick leave until after it has been accrued. Sick leave will be accrued at the end of each pay period.

701.5 An employee may use sick leave benefits for an absence due to illness or injury sustained by the employee. Sick leave may be used for medical, dental or health appointments if it is not possible for such appointments to be arranged during off - duty hours. Sick leave may also be used for an injury or illness in the employee's immediate family when the nature of the illness or injury requires the care or assistance of the employee. Immediate family in such cases shall include employee's spouse, children, parents, siblings or any members of the employee's household.

701.6 An employee may use a maximum of forty (40) hours of undocumented sick leave during a given calendar year, but no more than three (3) days at any one time. An employee may use up to their total accrued sick leave time with documented illnesses or injuries. Written verification from a medical practitioner or other evidence as required by the employer must be received for an illness or injury to be documented.

701.7 If illness or injury keeps an employee out of work for more than two days, the employee must provide medical substantiation of the illness.

701.8 Employees who are unable to report to work due to an illness or injury must notify their supervisor as soon as possible, at minimum one (1) hour prior to the start of their shift. Failure to give adequate notice may result in the request being denied.

701.9 An employee may not claim sick leave while on approved annual leave unless evidence is received from a medical provider.

701.10 Unused sick leave benefits will be allowed to accumulate until the employee has accrued a total of 200 hours. Further accrual of sick leave benefits will be suspended until the employee has reduced the balance below this limit.

701.11 Sick leave benefits are intended to provide income protection in the event of an actual illness or injury, unused sick leave benefits cannot be used for any other paid or unpaid absence and will not be compensated for at the time of termination of employment or retirement. Sick Leave will transfer between all entities under BMBH, BMGA, and BMIC.

701.12 Employees found abusing the sick leave policy will be subject to disciplinary action, up to and including termination under Section 400, Disciplinary Procedures.

702 PERSONAL LEAVE – GOVERNMENTAL & ENTERPRISE (revised 6/4/2023)

702.1 It is recognized that situations will arise wherein an employee will not know in advance that time off work will be necessary. It is for this reason that all eligible employees are granted a maximum of sixteen hours of personal leave each calendar year.

702.2 Regular full-time and regular part-time Governmental and Enterprise Employees are eligible for personal leave. Regular full-time employees will receive sixteen (16) hours of personal leave per calendar year. Regular part-time employees will be granted eight (8) hours of personal leave per calendar year.

702.3 Eligible employees who begin work during a given year will receive personal leave on a prorated basis.

702.4 Personal leave will be granted to eligible employees on January 1 of each year.

702.5 Any personal leave not used by December 31 of a given year will be lost and not compensated. Nor will unused personal leave be compensated for at the time of termination of employment or retirement. Personal Leave will transfer between all entities under BMBH, BMGA, and BMIC.

702.6 Personal leave does not require two (2) days advance approval, but an employee must notify his/her supervisor of his/her absence as soon as possible, at a minimum one (1) hour before the start of their shift. Failure to give adequate notice may result in the request being denied.

702.7 It is advised that an employee use personal leave judiciously, as it is intended for unforeseen situations, not as a form of annual leave.

702.8 Employees found abusing the personal leave policy will be subject to disciplinary action, up to and including termination under Section 400, Disciplinary Procedures.

703 JURY AND WITNESS DUTY

703.1 The employer encourages employees to fulfill their civic responsibilities by serving jury/witness duty when required. Jury/witness duty pay will be calculated on the employee's pay rate times the number of hours the employee would otherwise have worked on the day of absence minus the amount of compensation the employee receives for being a juror/witness. Regular full-time and regular, part-time employees qualify for paid jury/witness duty leave.

703.2 If an employee is required to serve jury/witness duty beyond the period of paid jury/witness duty leave, he or she may use any available paid time off (for example, vacation benefits) or may request an unpaid jury/witness duty leave of absence.

703.3 Each employee must show the jury/witness duty summons to his or her supervisor as soon as possible so that the supervisor may make arrangements to accommodate the employee's absence. The employee is expected to report for work whenever the court schedule permits with his or her Department Managers approval.

703.4 Either the employer or the employee may request an excuse from jury/witness duty if, in the employer's judgment, the employee's absence would create serious operational difficulties.

703.5 Insurance benefits will remain in effect and unchanged for the full term of the jury/witness duty absence.

703.6 Accrual for benefits calculations, such as vacation, sick leave, or holiday benefits, will not be affected during unpaid jury/witness duty leave.

704 BEREAVEMENT LEAVE *(Revised 3/8/22)*

704.1 Regular full-time and regular part-time employees are eligible for paid bereavement leave in the event of a death of an immediate family member.

704.2 If an employee wishes to take time off due to the death of an immediate family member, the employee must notify his or her supervisor immediately. Up to 32 hours paid bereavement leave can be granted to allow the employee to attend the funeral services and make any necessary arrangements associated with the death.

704.3 The employer defines immediate family in such a case as the:

1. Employee's spouse,
2. Employee's parents/step-parents
3. Employee's brother's/sisters/step-siblings
4. Employee's children/step-children
5. Employee's father-in-law/mother-in-law,
6. Employees grandparent's/great-grandparents
7. Employee's grandchildren/great-grandchildren
8. And/or any person whose financial or physical care is the principal responsibility of the employee.
9. Long-Term partners

704.4 Note: Bereavement leave is a benefit the employer provides its employees to assist in their time of need. Bereavement leave, under normal circumstances, is provided only for time off to attend funeral services that fall on the employee's regular scheduled days. Bereavement leave is subject to management approval.

704.5 If the approved bereavement leave is insufficient, or the employee is not eligible for bereavement leave under the immediate family definition, the employee may request other paid or unpaid leave to attend the funeral or make arrangements.

704.6 Annual leave may be approved by an employee's immediate supervisor without the usual advance notice to allow an employee to attend the funeral of an individual not listed in Section 706.3.

705 EDUCATIONAL LEAVE

705.1 In accordance with the guidelines set forth in this policy, the employer may provide paid educational leave of up to 6 hours per week for eligible employees who wish to pursue educational goals which improve the employee's job skills or lead to a degree. Requests will be evaluated based on a number of factors, including relative merit of the course, anticipated operational requirements and staffing considerations during the proposed period of absence.

705.2 Educational leave must be approved by the Department Manager. The employee must provide a class schedule to their Department Manager.

706 MEDICAL LEAVE

706.1 The employer will provide unpaid medical leave to employees who are temporarily unable to work due to an illness or injury.

706.2 As soon as an eligible employee becomes aware of a need for a medical leave of absence, he or she must provide a satisfactory statement from a physician that verifies the existence and nature of the illness or injury. The statement will contain the approximate date the leave is expected to begin, its anticipated duration, and the date the employee can be expected to return to work. Any changes in this information should be promptly reported to the Department Manager.

706.3 Eligible employees will be granted leave for the period of the disability, up to a maximum of 90 days. Employees may take any available sick leave or annual leave prior to the effective date of the medical leave of absence. If this initial period of absence proves insufficient, consideration will be given to a written request for a single extension of no more than 90 days.

706.4 The employer will continue to provide the employee's normal insurance benefits for the term of the medical leave, but in no case for more than 180 days.

706.5 Accruals for benefit calculations, such as annual leave, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

706.6 Employees returning from medical leave are required to provide a physician's verification of the employee's fitness to return to work. To the extent possible, employees will be returned to their former position or will be offered the first available comparable position for which they are qualified.

706.7 Employees using a combination of FMLA, Maternity & Medical Leave, may only use a maximum of 180 days total in any rolling calendar year.

707 PAID PARENTAL LEAVE POLICY

707.1 Bay Mills Indian Community will provide up to 12 weeks of paid parental leave to employees following the birth of an employee's child or the placement of a child with an employee in connection with adoption. The purpose of paid parental leave is to enable the employee to care for and bond with a newborn or a newly adopted child. This policy will run concurrently with Family and Medical Leave Act (FMLA) leave, as applicable. This policy will be in effect for births, adoptions or placements of foster children occurring on or after August 1, 2024.

707.2 This policy applies based on eligibility requirements listed below.

Eligible employees must meet the following criteria:

- Have been employed with the Tribe for at least 12 months.
- Have worked at least 1,250 hours during the 12 consecutive months immediately preceding the date the leave would begin.
- Be a full- or part-time, regular or variable employee (temporary or seasonal employees and interns are not eligible for this benefit).

In addition, employees must meet one of the following criteria:

- Have given birth to a child or maintain a parental role with the newborn child.
- Be a spouse or committed partner (defined as a person in a long-term committed relationship and provide affidavit of such) of an individual who has given birth to a child.
- Have adopted a child, and the child is younger than 5 years old. The adoption of a new spouse's child is excluded from this policy.
- Have court ordered guardianship placement of a minor child younger than 5 years old in your home.

707.3 Eligible employees will receive a maximum of 12 weeks of paid parental leave per birth, adoption or placement. The fact that a multiple birth, adoption (e.g., the birth of twins or adoption of siblings), or placement does not increase the 12-week total amount of paid parental leave granted for that event. In addition, in no case will an employee receive more than 12 weeks of paid parental leave in a rolling 12-month period, regardless of whether more than one birth, adoption, or court ordered guardianship event occurs within that 12-month time frame.

Each week of paid parental leave is compensated at 100 percent of the employee's regular, straight-time weekly pay. Paid parental leave will be paid on a biweekly basis on regularly scheduled pay dates.

707.4 Approved paid parental leave may be taken at any time during the 6-month period immediately following the birth, adoption, or court ordered guardianship placement of a child with the employee. Paid parental leave may not be used or extended beyond this 6-month time frame.

707.5 In the event of an employee who has given birth, the 12 weeks of paid parental leave will run concurrent with any short-term disability leave/benefit provided to the employee for the employee's own medical recovery following childbirth.

707.6 Employees must take paid parental leave in one continuous period of leave and must use all paid parental leave during the 6-month time frame indicated above. Any unused paid parental leave will be forfeited at the end of the 6-month time frame.

707.7 Upon termination of the individual's employment at the Tribe, he or she will not be paid for any unused paid parental leave for which the employee was eligible.

707.8 Paid parental leave taken under this policy will run concurrently with leave under the FMLA; thus, any leave taken under this policy that falls under the definition of circumstances qualifying for leave due to the birth or placement of a child due to adoption, the leave will be counted toward the 12 weeks of available FMLA leave per a 12-month period. All other requirements and provisions under the FMLA will apply. In no case will the total amount of leave—whether paid or unpaid—granted to the employee under the FMLA exceed 12 weeks during the 12-month FMLA period. Please refer to the Family and Medical Leave Policy for further guidance on the FMLA.

707.9 After the paid parental leave (and any short-term disability leave for employees giving birth) is exhausted, the balance of FMLA leave (if applicable) will be compensated through employees accrued sick, vacation and personal time. Upon exhaustion of accrued sick, vacation and personal time, any remaining leave will be unpaid leave. Please refer to the Family and Medical Leave Policy for further guidance on the FMLA.

707.10 Accruals for benefit calculations, such as annual, sick, and holiday leave will be suspended during the paid parental leave and will resume upon return to active employment. Personal leave will be not be affected by this.

707.11 The Tribe will maintain all benefits for employees during the paid parental leave period. If a Tribal holiday occurs while the employee is on paid parental leave, such day will be charged to holiday pay; however, such holiday pay will not extend the total paid parental leave entitlement. If the employee is on paid parental leave when the Tribe offers administrative leave (known as an "admin day"), or inclement weather leave, that time will be recorded as paid parental leave. Administrative leave or inclement weather leave will not extend the paid parental leave entitlement.

707.12 All paid days while the employee is on paid parental leave will be paid at regular time. An employee who takes paid parental leave that does not qualify for FMLA leave will be afforded the same level of job protection for the period of time that the employee is on paid parental leave as if the employee were on FMLA-qualifying leave.

707.13 The employee will provide their supervisor and the Human Resource Department with notice of the request for leave at least 45 days prior to the proposed date of the leave (or if the leave was not foreseeable, as soon as possible). The employee must complete the necessary HR forms and provide all documentation as required by the HR department to substantiate the request.

707.14 As is the case with all Tribal policies, the organization has the exclusive right to interpret this policy.

708 MILITARY LEAVE

708.1 A leave of absence without pay will be granted to any employee who is conscripted or called into active duty by a reserve branch of the United States armed services.

708.2 The employee will be reinstated with full seniority to his or her former position or to a comparable position if application for re-employment is made within 90 calendar days of the date of an honorable discharge or the date of release from hospitalization following discharge.

708.3 Any employee who is a member of a reserve component of the armed forces will be placed on unpaid leave for his or her annual two-week training duty. Benefit programs will be unaffected, and the employee may elect to use any vacation entitlement for the absence. Training leaves will not normally exceed two weeks per year, plus reasonable travel time.

709 LEAVE OF ABSENCE

709.1 In accordance with the guidelines set forth in this policy, the employer may provide an unpaid leave of absence to employees who wish to take time off from work duties to fulfill personal obligations.

709.2 Leaves of absence may be granted for a period of up to 30 calendar days. All requests must be in writing and approved by Department Manager.

709.3 Requests for leave of absence will be evaluated based on a number of factors, including anticipated operational requirements and staffing considerations during the proposed period of absence.

709.4 Accruals of benefit calculations, such as vacation, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

709.5 Medical and disability benefits will be paid by the employer for the duration of the leave of absence.

709.6 To the extent possible, employees returning from a leave of absence will be returned to their former position or will be offered the first available comparable position for which they are qualified.

709.7 An employee currently on a leave of absence may request early termination of the leave. The granting of such requests is at the discretion of Department Manager.

709.8 If an employee fails to report to work at the expiration of the approved leave period, the employer **will** assume that the employee has resigned.

709.9 The granting of all leaves of absence will be upon review of each individual request and a decision **will** be made on a non-precedent setting basis.

710 FAMILY AND MEDICAL LEAVE OF ABSENCES

710.1 The Bay Mills Indian Community will comply with all applicable requirements of the Family and Medical Leave Act (FMLA) of 1993.

710.2 Employees who have worked for Bay Mills Indian Community and who have both: worked at least 12 months (not necessarily consecutively); and have worked at least 1250 hours in the previous twelve months, are covered by the provisions of the FMLA.

710.3 Covered employees are eligible for up to 12 weeks unpaid, job protected leave in any calendar year for the following reasons.

- (A) To care for a child upon birth or upon placement for adoption or foster care;
- (B) To care for a parent, spouse, or child with a serious health condition; or
- (C) When an employee is unable to work because of a serious health condition.

710.4 When FMLA leave is taken to care for a sick family member or because of an employee's own serious health condition, the leave may be taken intermittently or on a reduced leave schedule when medically necessary. Medical certification that the treatment for a serious health problem is best accommodated by intermittent or reduced leave is necessary to do so. Employees must request intermittent leave with their department managers.

710.5 FMLA Leave is unpaid, whether the employee is exempt or non-exempt and exempt employee's pay will be reduced by the amount of time on intermittent leave.

710.6 The employer will continue existing health coverage and benefits for the extent of the FMLA leave. If an employee does not return to work at the end of his or her FMLA leave, the employee may be liable for repayment of all employer paid benefits during the FMLA leave.

801.3 Non-exempt employees must be paid overtime, or compensatory time, for any hours worked over 40 hours in a week, or 80 hours in a pay period for Law Enforcement. - Creates a hostile work environment
- Divulges confidential information about our agency or our clients; or
- Harms the goodwill and reputation of our organization.

809 SMOKING

809.1 To provide and maintain a safe and healthy work environment for all employees, it is the policy of the Tribe to prohibit the use of all commercial tobacco and smoking products, including chewing tobacco and electronic cigarettes (E-cigarettes) on all company premises except in designated areas.

809.2 Smoking is prohibited in all of the non-designated areas within the Tribal work sites, without exception. This includes common work areas, departments, facilities, conference and meeting rooms, private offices, hallways, stairs, restrooms; employer owned or leased vehicles, and all other enclosed facilities or non-designated areas.

809.3 Smoking break-rooms and outdoor smoke areas may be designated at the Tribes discretion. While the Tribe may make these areas available to smokers, it in no way has any legal responsibility to do so. Employees who choose to use these smoking areas do so at their own risk.

809.4 Outdoor designated smoke areas are assigned by the Department Managers of each facility. To ensure consistency, managers working within facilities with more than one department should coordinated and assign one outdoor area.

809.5 No additional breaks beyond those allowed under the Tribes break or leave policy (*may be taken without prior approval*), for the purpose of using tobacco products.

809.6 Employees using tobacco products in the designated areas must dispose of the remains in the proper containers. Failure to comply with all of the components of this policy will result in disciplinary action that can lead up to and include employment termination.

810 REMOTE WORK

810.1 Remote work may allow an opportunity for employees to work at home, on the road or in a satellite location. Bay Mills Indian Community (BMIC) considers remote work to be a viable, flexible work option when both the employee and the job are suited to such an arrangement. Remote work may be appropriate for some employees and jobs, but not for others. It is the policy of the Bay Mills Indian Community to permit employees to utilize remote work arrangements where they elect to do so, to the extent it is consistent with this policy. Management will make the determination about which positions are eligible for remote work arrangements. Management must communicate that decision, in writing, with the assistance of Human Resources (HR).

Some employees may be better prepared than others to manage the unique requirements of remote work. When evaluating a remote work request, supervisors should consider whether the employee has a record of satisfactory performance in the workplace and has demonstrated the ability to:

- Prioritize work to meet deadlines
- Accomplish job duties with minimal supervision
- Communicate effectively with clients, stakeholders, and team members
- Manage time effectively

Supervisors and Managers must presume that an eligible employee has the capability to adequately work at least 20% of their regularly scheduled hours under a remote work arrangement for the trial period described in Section 810.3. If a Supervisor, or Manager, denies an employee's request to work remotely, that decision must be communicated to the employee in writing.

810.2 Temporary remote work arrangements may be approved for circumstances such as inclement weather, special projects, business travel or where employees are on medical leave or unable to come to work due to illness or injury. All temporary remote work arrangements are made on a case-by-case basis, focusing first on the needs of the Tribe.

810.3 A signed agreement between managers and employees is required before an employee is permitted to work from a non-office location on a recurring basis. Managers and employees should determine short-term and long-term goals, and should meet regularly to discuss progress and results.

Employees utilizing a remote work arrangement must follow the performance evaluation process in section 301; and, a six-month performance evaluation must be provided in writing to evaluate the effectiveness of the individual working remotely, as indicated in section 301.2. Similarly, the performance evaluations should include any specific criteria deemed appropriate relating to remote work, such as: responsiveness; one's ability to work remotely; and the criteria set forth in section 810.1.

810.4 Managers should ensure remote employees have identified and implemented the following as part of the remote work agreement:

1. Choose a quiet and distraction-free working space;
2. Have an internet connection that's adequate for the job;
3. Ensure that other employees in the organization, and people from outside the organization, have the ability to consistently reach the employee;
4. Dedicate his or her full attention to the job duties during working hours;

5. Adhere to break and attendance schedules agreed upon with his or her manager;
6. Ensure the work schedule overlaps with other team members in the department for as long as is necessary to complete job duties effectively.

810.5 BMIC will provide remote work employees with equipment that is essential to their job duties, such as laptop computers, VPN access, and other supplies and equipment. Non-essential equipment (eg. home internet access and a personal phone) will not be provided by the employer, but will be required for remote work. Department Managers will determine what equipment is deemed essential based on employee position responsibilities. Equipment supplied by the organization is to be used for business purposes only. Any supplies or equipment purchased for remote work will require written approval before the purchase is made. Purchases can then be formally approved using a miscellaneous reimbursement form and a check request.

810.6 Remote working employees must follow all company policies and procedures as if working from an office based setting. Furthermore, employees are expected to attend in person meetings when requested by Administration. Managers and Supervisors are encouraged to use telephone and video conferencing as an alternative to in-person meetings for remote workers.

810.7 Consistent with the organization's expectations of information security for employees working at the office, remote working employees will be responsible for ensuring the protection of confidential and/or proprietary information accessible from a home office. Steps to protect this information may include the use of locked file cabinets and desks, regular password maintenance, and any other measures appropriate for the job and the environment.

810.8 Remote work employees are required to accurately record all hours worked using the Kronos time-keeping system.

811 BREASTFEEDING POLICY *(revised 1/24/22)*

811.1 Breastfeeding has been shown to be the superior form of infant nutrition, providing a multitude of health benefits to both infants and mothers. The Bay Mills Indian Community, and all its entities, support and promote a breastfeeding-friendly work environment to enable mothers to breastfeed or express their milk during work hours.

Bay Mills Indian Community expects employees and management to have a positive and supportive attitude toward employees who need to breastfeed or express milk during the workday. Discrimination against and harassment of lactating employees in any form is unacceptable.

811.2 The frequency, duration and timing of lactation breaks will vary between individuals. Employees who wish to breastfeed their infants or express milk during scheduled work hours should work directly with their departmental manager to develop an agreed upon flexible work schedule that minimizes workplace disruption. Where possible, lactation breaks are to be provided as time off without requiring the use of employee paid leave time. Flexible work schedules agreements may include:

- A. Flexible schedules;
- B. Extended break periods;
- C. Paid or unpaid leave if needed beyond breaks;

811.3 Managers must make reasonable efforts to provide location accommodations close to the employee's work area where they can privately breastfeed or express breastmilk. At minimum, designated areas should include:

- A. A safe, clean, private location;
- B. Must have ability to be locked and free from intrusion;
- C. An electrical outlet;
- D. Comfortable chair;
- E. Nearby access to running water.

Employees may, if available, use their private office area for breastfeeding or milk expression, if they prefer. Where suitable workplace facilities are not available on-site, the employee and their manager should discuss suitable alternatives and agree on the most appropriate arrangement.

811.4 The duration of breastfeeding and lactation is the personal and individual choice of the employee. Thus, the Bay Mills Indian Community will continue to support and accommodate the lactating employee for as long as the employee chooses to express breast milk for their child.

811.5 Employees may use their own cooler packs to store expressed breastmilk, or may store milk in a designated refrigerator/freezer. Employees should provide their own containers, clearly labeled with name and date.

811.6 Accommodations made between the employee and management regarding flexible work options and designated areas should be documented in writing by management, signed by both parties, and placed in the employees personnel file

812 MINORS IN THE WORKPLACE *(revised 10/16/2024)*

812.1 – Bay Mills Indian Community recognizes and provides safety for minors in the workplace by ensuring employment is not detrimental to the minor’s health or safety, the minor is adequately supervised, and employment does not interfere with the minor’s education. Minors will also be treated fairly regardless of race, color, national origin, religion, sex, or sexual orientation.

812.2 – Age of Minors: Minors are defined as an individual under the age of 18-years-old.

812.3 – Work Permits: Each minor child employed with Bay Mills Indian Community must have a work permit. Work permits are available at <https://www.michigan.gov/leo/bureaus-agencies/ber/wage-and-hour/work-permits> and from most schools or their administrative offices. If a minor changes jobs, a new work permit is required for the new employer. A work permit may be taken away for poor academic performance or an employer’s non-compliance with governing regulations.

812.4 – Hours of Work: A minor may not work during school hours while school is in session. Minors aged 14- and 15-years-old combined hours of school and work cannot exceed 48 hours in a workweek. Furthermore, 14- and 15-year-old minors may not work before 7:00 am or after 9:00 pm. Minors aged 16- and 17-years-old may work twenty-four (24) hours per week when school is in session, and 48 hours per week when school is not in session. Minors are limited to working no more than 10 hours a day, with a weekly average of eight (8) hours per day. A minor may not work more than six (6) days a week.

812.5 – Breaks and Lunch Periods: Workers less than 18-years-old may not work more than five (5) hours without a 30-minute uninterrupted break. A minor should receive the same number of breaks an adult would be given in the same position, including two fifteen-minute breaks and one-half hour lunch during an eight (8) hour work day.

812.6 – Minors employed in workplaces involving alcohol/cannabis: Minors aged 14- to 17-years-old may be employed in a business where alcoholic beverages are sold or consumed if the sale of food or other goods is at least 50% of the total gross receipts. Minors under the age of 17-years-old cannot sell, serve, or supply alcoholic beverages. Employing minors within the cannabis industry is strictly prohibited.

812.7 – Hazard Workplace Restrictions: A minor’s safety should be considered when they are employed with Bay Mills Indian Community. 812.8 – Safe Supervision of Minors: A minor may not be employed unless the employer or another employee 18-years-of-age or older provides supervision. Supervision means being on the premises to direct and control the work of minors and to assist in case of an emergency. Other employees and supervisors should avoid being alone with a minor by having another adult or another minor in the room. The supervisor should make every effort to have another individual present when meeting with a minor, but if one-to-one interaction must occur, individuals should meet in open spaces, well-illuminated spaces and spaces with windows.

812.9 – Interactions with Minors: Interactions with minors will follow Bay Mills Indian Community's Anti-Harassment Policy. Adults will not permit any of the following interactions between or with minors:

812.11 – Any person violating these policies with a minor may be immediately dismissed.

812.12 – Disciplining Minors: A supervisor or manager must have another adult employee with them when interacting with minors regarding disciplinary actions or notices. Any minor who works for Bay Mills Indian Community must follow the employee policies and procedures set forth by the organization.

812.13 – Outside Contact with Minors: Bay Mills Indian Community recognizes that relationships exist outside of the workforce and that employees may have family members who are minors in the workplace. Employees who are not related to a minor should limit their contact outside of the workplace to a professional nature.

900 TRAVEL POLICIES *(revised 6/9/2025)*

900.1 Bay Mills Indian community hereby establishes the following policy to provide for reimbursement to employees for reasonable and necessary travel costs incurred in the performance of their duties.

900.2 ALLOWABLE EXPENSES: Bay Mills Indian Community will reimburse the employee for amounts incurred for reasonable travel expenses when required by an employee's position. This may include transportation costs, (i.e., mileage, bridge fare, coach airfare, bus, or taxi fees) overnight accommodations, meals (minus ones provided at the training/conference), and parking. It is required that employees travel in the method most advantageous to the Tribe. Employees bringing family with them are only eligible for reimbursement for a single occupancy rate.

900.3 MILEAGE: Credit will be given for mileage when an employee uses his or her own vehicle in the performance of duties, if a Tribal vehicle is unavailable. A Tribal vehicle must be the first option for travel. An employee may elect to use their personal vehicle for travel even when a Tribal vehicle is available; mileage will be calculated at the GSA reimbursement rate described as "If government-furnished automobile is authorized and available." If more than one employee is traveling to the same destination they are encouraged and expected to travel in the same vehicle unless otherwise authorized by management. Mileage to Chippewa County International Airport (CIU) will be calculated at a standard 50 miles roundtrip. Only one person per vehicle will be reimbursed for the mileage. The rate of reimbursement for mileage is determined by the Bay Mills Indian Community Executive Council. Information on rates and effective dates are available on the GSA website, www.gsa.gov/perdiem

900.4 PER DIEM ALLOWANCE: In lieu of actual expenses incurred, an employee may be reimbursed for away-from-home expenses using the per diem rates from the GSA website in following scenarios:

- A. Single Day Travel: When the total round trip travel occurs within one day, fifty percent (50%) of the destination's per diem rate will be provided to each traveler. To receive this amount, the destination, one way, must be 100 miles or more from Bay Mills. This distance must be confirmed with the documentation provided with the travel form, such as map quest or other sources that provide travel distance to a destination. Travel that is within 100 miles of Bay Mills in a single day won't receive any per diem.
- B. Multiple Day Travel: Travel that requires an overnight stay, or multiple days of travel, will provide the employee with 75% per diem for the first and last days of travel and 100% for any day in between.
- C. Extended Travel: When a travel period exceeds two weeks, where room and board are provided at no cost to the employee, the employee will be reimbursed for daily incidentals of (\$5.00).

900.5 DOCUMENTATION: Adequate documentation (all receipts) of the business and time away-from-home, including training agenda and mapquest information, or another source of documentation verifying mileage, must be provided with the travel form. The mileage print-out should use a work address and the actual address of the travel destination that will be submitted with the BMIC Travel Statement Form before it is approved. If receipts are not submitted for ALL expenses, the employee will not be reimbursed for missing receipts.

900.6 USAGE OF COMPANY CREDIT CARD: Employees will not be reimbursed for travel costs incurred when using the company credit card.

- A. An employee may use the company credit card to reserve/book lodging, airfare, and registration/conference fees.

- B. Employees are not allowed to use company credit card to pay for food, and be reimbursed for the difference of the per diem rate and actual cost of meal.
- C. Employees are not allowed to use the company credit card to pay for gas and then be reimbursed for the difference of the mileage and actual cost.

900.7 TRAVEL APPROVAL PROCESS: The following process should be followed when requesting travel and returning from traveling:

- A. The Travel Authorization and Travel Advance Request form must be filled out before any travel is conducted on behalf of the Tribe. The form must be filled out completely, according to the instructions included in Appendix A. Such information must include the appropriate receivable account, obtained from Accounting. The receivable account number is unique to each employee and won't change on future travel.
- B. Specific details about the proposed travel must be included in the information box, including the applicable budget the travel will come from to verify available funds.
- C. Travel advances will be allowed for 90% of the estimated cost of travel, rounded up to the nearest dollar.
- D. A check request form must also be included with the Travel Authorization and Travel Advance Request form and must include the same appropriate receivable account number.
- E. The Travel Authorization and Travel Advance Request form shall be prepared and submitted to the employee's Department Manager for approval. Management must verify all the information is accurate and all inclusive of the necessary documents that should be included, hotel reservation information, MapQuest information, etc.
- F. Management must also verify that the travel is included within budget parameters.
- G. **Travel advances must be completed and submitted to Accounting by 10AM, the Thursday before the travel date.**
- H. After an individual returns from traveling, travel statements must be completed immediately after returning to work, otherwise the employee's accounts receivable will be payroll deducted to clear the balance out.
- I. The Travel Statement and Travel Advance Write-Off form should be utilized to clear the remaining travel balance. Appendix A has the instructions needed to enter this information.
- J. The second check request in Appendix A includes both the program to be charged and a reduction in the receivable account by the amount provided from the payroll advance. Following the information in Appendix A should help an individual clear out travel information.

900.8 TRAVEL ADVANCES: Employees may request travel advances to cover expenses of travel that will be incurred for the benefit of the Tribe and Department. **Travel advances must be completed by 10AM, the Thursday before the travel date.**

900.9 PER DIEM/MILEAGE: Per Diem rate may change each year, please go to the GSA website for rates or contact the Accounting Department for the current mileage rate.

901 USE OF EQUIPMENT AND VEHICLES

901.1 When using Tribal property, employees are expected to exercise care, maintenance, and follow all operating instructions, safety standards, laws and guidelines.

901.2 Please notify the department manager if any equipment, machines, tools or vehicles appear to be damaged, defective or in need of repair.

901.3 The improper, careless, illegal, negligent, destructive, or unsafe use or operation of equipment or vehicles, can result in disciplinary action, including discharge.

901.4 Tools and equipment should remain at the department or job in a secure location at the end of each shift.

901.5 Vehicles should also remain at the department or job site, unless there is written permission that specifies otherwise. Such permission must come from the GM/Tribal Manager, Chairman, or the Executive Council.

901.6 Using vehicles, equipment or tools for personal use is strictly prohibited.

902 RETURN OF PROPERTY

902.1 Employees are responsible for all property, keys, computers, materials, or written information issued to them or in their possession or control. Employees must return all property of the employer that is in their possession or control in the event of termination of employment.

902.2 The employer may withhold the employee's last paycheck until employer property has been returned. The employer may also take all action deemed appropriate to recover or protect its property.

903 EMPLOYEE RECEIVABLES

903.1 Each employee of the Bay Mills Indian Community is assigned an employee receivable when either a payroll or a travel advance is requested. The following rules are in force for any outstanding balance that results from said request:

- A. An employee's receivable will be reconciled monthly. Any outstanding balance after reconciliation will be made known to the employee with a notice from the Accounting Department. Any credit balance will be issued to the employee by check.
- B. For those employees with outstanding balances, a repayment plan must be set up with the controller to clear their balance.
- C. If an employee has a outstanding balance at the time of his or her termination of employment, his or her last check will go towards that balance. A check for any balance remaining after the deduction will be made out to the employee. Each supervisor must check with Accounting when terminating an employee to see if the employee has any outstanding advance.

903.2 Tribal Members – Any payment made to a tribal member, excluding G.A., can have a percentage deducted for any outstanding receivable balance. The percentage will not exceed twenty (20) percent.

904 CREDIT CARD POLICY *(revised 6/28/21)*

904.1 PURPOSE To specify the policy regarding appropriate use of BMIC credit cards.

904.2 STATEMENT OF POLICY A Tribal credit card may be approved and issued to employees within BMIC, BMGA, and BMBH after a need is demonstrated by providing justification in a memorandum or email and receiving approval from the employee's supervisor and BMIC's President.

904.3 RULES OF USE

1. **Allowable Uses of BMIC Credit Card:** Allowable uses are those that are necessary for the employee to complete his/her tasks. A check request, with or without a purchase order, should be the primary means of making purchases and paying bills. A company credit card should only be utilized in instances where a check request isn't feasible or there isn't an automated monthly payment occurring. Some other examples would include: travel, training, or repairs on a department vehicle. It is important to note that the fleet vehicles should have charges flow to the fleet fund for repairs. Employees should check with their supervisor before making a purchase, if they are unsure if a purchase falls outside of the organization's rules of use or not.
2. **Unallowable Uses of the Tribal Credit Card:** Any purchase that is made expressly for the benefit of the individual, not in the capacity as an employee, is unallowable. An example of unallowable costs would include booking an extra (personal) day at a hotel on the company credit card when traveling, outside of training/session (arrival/departure) related days. Another example of unallowable purchases is making food purchases on a company credit card and then requesting per diem on a travel form. Per diem is provided to employees for food related costs; hence, charging costs on the company card, while getting per diem, is a form of double dipping. Any purchase that could be made via check request should be done via check request to ensure the proper approvals are received ahead of the purchase being made. An employee should get approval, in writing, ahead of making any purchase that could be deemed questionable with a company credit card before making a purchase.
3. **Other Rules of Use:** Interdepartmental purchases are not allowed. Any promotional items received from the use of the credit card must be turned in to the employee's supervisor or Accounting. Reward points earned through the use of the card are property of the organization. BMIC is exempt from paying sales tax; hence, a tax exemption form should be obtained to provide the merchants that require proof of tax exempt status.

904.4 ROLES AND RESPONSIBILITIES All purchases made must comply with the Procurement policy. For grant and contract related purchases, this includes getting multiple quotes ahead of formally making a purchase and contacting Grants management about conducting a vendor check annually. Employees should get a W9 from new vendors and provide a copy to Accounts Payable before making purchases.

904.5 BMIC CREDIT CARD ADMINISTRATION The CFO, Controller, and Accounts Payable (AP) are responsible for the overall administration of the credit card program, including:

- Keep an issuance log for all employees that have a company credit card. The log should have the employee's signature and the date the card was received on it.

- Review and process requests for new accounts after receiving approval from the President.
- The CFO/Controller will periodically review card usage and credit card statements submitted to Accounts Payable from cardholders to ensure that the policy and procedures are followed.
- Monitor compliance with the Credit card Policy and Procedure.
- Follow up on action involving noncompliance with Policy and Procedure.
- Report suspected misuse to the Executive Council and applicable manager.
- Review the Policy and Procedure with new cardholders.
- Return/Destroy cancelled credit cards.

904.6 CARDHOLDER The credit cardholder is solely responsible for all expenses charged to his/her assigned credit card. The liability for the expenses pass to BMIC upon submission of the approved credit card statement, with all supporting documents and approval by the immediate supervisor, to Accounts Payable during the applicable timeframe.

1. Responsibilities

- The cardholder is responsible for obtaining an itemized receipt directly from the merchant for every purchase. The receipt must be included with the submission to AP to satisfy the formal approval.
- Ensure all purchases are approved by the immediate supervisor. Travel-related purchases must be supported by a copy of an approved Travel Authorization Form. Travel forms and documentation should be sent with the CC information to allow AP to reconcile everything simultaneously.
- Do not allow anyone else to use your credit card, except in the case where a card has been issued in the name of a manager intended for departmental purchases. Authorization must be granted in advance and the department manager is ultimately responsible for appropriate use of the card.
- Secure the credit card at all times to protect it from unauthorized use.
- Do not take the credit card off the premises, except for approved travel and purchases.
- Use the card only for appropriate Tribal business, as outlined above.
- When purchasing inventory to resell by BMIC, or goods described as exempt from payment of vendor, so that the BMIC Tax Agreement, obtain a Sales Tax Exemption Form to submit to the vendor, so that the Tribe is not charged sales tax.

2. Monthly Process

- At the end of each month after, Accounts Payable sends a copy of the Credit Card Statement, the cardholder must:
 - Reconcile the Credit Card Statement to the purchase documentation and receipts.
 - If there is an item that is listed as purchased, but was not received, the cardholder will immediately notify Accounting and submit all necessary documentation to assist in resolving the matter.
 - On the Credit Card Submittal Form, list all purchases separately. List the vendor from whom the purchases were made, the item(s) purchased, the amount, and what

department and expense code to charge. Attach the receipts and the copy of the Credit Card Statement form.

- Date and sign the cardholder's full name on the Credit Card Submittal Form, obtain the immediate supervisor's full signature (for approval), and forward the purchases documents (payment request, receipts, and statement) to Accounts Payable by the 10th of each month or the preceding business day.
- The credit card must be returned to the supervisor or Accounting when employment ends, when it is no longer needed, or when changing positions within the Tribe.

904.7 RECOVERY OF UNALLOWABLE EXPENSES Unallowable charges to the credit card is the sole responsibility of the cardholder and will become a liability of the cardholder which must be paid within 30 days from the statement date:

- Failure to provide timely and appropriate documentation that verifies that a charge is for a Tribal business objective, with appropriate approval, will result in the charge being placed into the employee cardholder's Account Receivable (owed by that employee to the Tribe). If adequate documentation regarding the charge is not provided within 30 days, payroll deductions will automatically begin from the cardholder's paycheck.
- Upon the provision of proper documentation, including receipts, the charge may be reversed out of the employee's Accounts Receivable, if all the complete information is received within 60 days of the statement date.

904.8 CARDHOLDER'S SUPERVISOR The direct supervisor of the cardholder is responsible for these actions:

- Review and consider the employee's written request for a company credit card, based on the business needs of the department, and forward the request to the BMIC President for approval/denial.
- Review/approve each purchase request prior to the purchases occurring. The approved travel Authorization shall constitute prior approval of all reasonable and allowable travel expenditures. A travel form should be provided simultaneously for consideration.
- Review the monthly credit card statement and expense submittal and supporting documentation, to ensure all approvals were obtained and each transaction made was an appropriate purchase.
- Confirm that receipts match transaction for reported merchants, dollars spent, and that sales tax was not charged.
- Approve the Credit Card submittal with full signature and date affixed.
- Notify Accounting when a cardholder resigns, transfers, or is terminated.
- Retrieve the card when an employee's duties no longer requires a card, or when the employee departs or changes jobs, and return the card to the Accounting Department.

904.9 ACCOUNTING DEPARTMENT Accounts Payable receives and disperses the credit card statements each month, with the due date written on the statement. The complete statement is reviewed by the CFO/Controller. They will highlight questionable purchases for further review. When the Credit Card Submittal Form is sent to Accounts Payable for payment by the cardholder, Accounts Payable will forward the highlighted purchase documents to the CFO/Controller. A random sampling of four (4) AOT purchases will be reviewed each month by the CFO/Controller.

1. Accounts Payable has a credit card to pay some vendors and take advantage of discounts/benefits that are available. Before payment is made:
 - Accounts Payable must have all check requests reviewed by the CFO/Controller.
 - Any invoices found that do not have an approved check request attached, shall be removed from the payment request.
 - Accounts Payable shall refer the check requests to the CFO/Controller for approval of payment.
 - Upon Receipt of the approval for payment, Accounts Payable shall process the payment.
2. Employee Credit Card Submittal Forms shall be reviewed by Accounts Payable for completeness, including:
 - Check that purchases match up with submitted receipts and that all receipts are submitted.
 - Check that there are appropriate codes for payment.
 - Check that there are correct signatures on the form.
 - Have the CFO/Controller review any purchases which appear questionable.
 - Charge any missing receipt to the employee's receivable and notify the employee and applicable manager of the outstanding balance the will be sent to payroll for deductions.
 - Process Payment.
3. Any processed payment shall be provided to the appropriate Accounting Department personnel for filing.

1000 POLICY ON INCLEMENT WEATHER & EMERGENCIES (revised 08/25/2025)

1000.1 Due to the severe weather conditions of the Upper Peninsula, the Tribe may designate inclement weather days when weather patterns may harm or potentially harm employees of the Tribe while traveling to and from work, or performing the requirements of their positions.

1. Employees of the Tribe will contact their department manager when any of the following exist:
 - a. Icy and hazardous roads;
 - b. Whiteouts due to severe blizzards;
 - c. Downed trees across the roads or highways;
 - d. Washed-out roads due to flooding;
 - e. High winds above 60 miles per hour.
2. Governmental Department Managers will contact the President or the Tribal Manager in the event of inclement weather. The President or Tribal Manager shall be responsible for monitoring email and telephone calls, and will be the primary authority to approve or deny an inclement weather day.
3. Governmental Employees missing work for approved inclement weather days will be reimbursed for their regular wages for that day. The General Manager of the Enterprises may issue waivers for attendance infractions for days he or she deems appropriate.

1000.2 In the event that Brimley Area Schools and Ojibwe Charter Schools all have an announced school closure or delay due to inclement weather, the Tribal Government will delay the start of the work day until 10:00 AM. Employees must report to work and begin their shift at 10:00 AM. The shift will end at the normally scheduled time. Meal breaks will not be altered. If an employee is absent outside of the delay or closure time, paid time off options must be used and Attendance Policy 402 shall apply. The delayed start of the work day and/or closures will not apply to emergency service employees (law enforcement and ambulance) or tribal maintenance employees.

1. Prior to 9:00 AM, the President or Tribal Manager will determine whether to close the Tribal Government for the entire day.
2. In the event of a power outage, all staff will report to work as scheduled. The President or Tribal Manager will have the authority to close Tribal Government facilities for the day in the event that power is not likely to be restored.
3. In the event of public emergency, the President or Tribal Manager will have the authority to close Tribal Government facilities and operations.

1000.3 The President, or the Tribal Manager, will communicate closures and delays to the public by all of the following means:

1. The Facebook Page for the Bay Mills News.
2. The Official Facebook Page for the Tribal Chairperson.
3. Email to "All Users".
4. Where feasible, the official website for the Bay Mills Indian Community.
5. Where feasible, local television stations (including 9&10 News and 7&4 News).

Employees are responsible for monitoring these sources for up-to-date information regarding closures and delays.

1000.4 Inclement weather delays and closures do not apply to Bay Mills Gaming Authority or Bay Mills Business Holdings operations. However, in the event of an inclement weather delay or closure, the President or the Tribal Manager will indicate the times in which the delay or closure will be applicable (i.e., from 8:00AM to

4:30PM, or 6:00PM to 11:00PM). During the applicable inclement weather times, BMGA & BMBH managers work with employees to make travel accommodations and alternatives as a result of inclement weather. Furthermore, enterprise employees who do not receive alternative accommodations and governmental employees who are required to work as a matter of public safety will receive time and a half pay for reporting to work during hazardous conditions during indicated times of closure.

1000.5 Inclement weather closures are NOT a paid time off entitlement. If inclement weather delays or closures are called while an employee is already on a pre-approved annual leave, sick leave, or personal leave, the employee shall not be compensated for time taken off since the inclement weather was a circumstance not considered during the initial request. If the inclement weather closure also causes cancellation or closure of facilities under the Tribe's control for which the original annual, sick, or personal leave request was made, the employee may cancel the leave time upon supervisory approval.

1000.6 If an employee is on an approved remote work arrangement during an inclement weather delay or closure, the employee is expected to perform work if able.
