

## **Comment on amendment request open until December 23, 2022.**

Bay Mills Indian Community will be submitting an extension and modification request to HUD for the Indian Community Development Block Grant (ICDBG) – American Rescue Plan Act. Eligible purposes for this grant included activities, projects, or programs that were designed to prevent, prepare for, and respond to COVID-19, with an emphasis on those short- and medium-term projects that meet the purposes of the CARES Act. Part of the extension and modification request is citizen participation. The project information must be published, and insight from our community members is encouraged. The tribe previously proposed the construction of a 1,200 square “safe vestibule.”

The Bay Mills Indian Community has already been awarded these funds, and construction has been ongoing. At this time, an amendment for an extension to the period of performance and a modified implementation schedule is being proposed to go to September 3, 2023, to help with supply chain issues. If you would like to submit comments regarding this project, please send them to Rachel Lyons at [rlyons@baymills.org](mailto:rlyons@baymills.org) or Tara Parrish at [tparrish@baymills.org](mailto:tparrish@baymills.org) by 4p.m On December 23, 2022.
