Bay Mills Indian Community will submit a grant request to the U.S. Department of Housing and Urban Development (HUD) for the Preservation and Reinvestment Initiative for Community Enhancement (PRICE) program. There is a maximum award of \$75,000,000 in grant funding.

HUD is issuing the Preservation and Reinvestment Initiative for Community Enhancement (PRICE) competition NOFO to preserve long-term housing affordability for residents of manufactured housing or an MHC, to redevelop MHCs, and to primarily benefit low-and moderate-income (LMI) residents.

Part of the grant requirements involves citizen participation. The project information must be published, and insight from our community members is encouraged.

The Tribe proposes constructing eight elder homes, five modular units on Plantation Hills, and setting aside \$200,000 for the rehabilitation of manufactured homes. All of the grant recipients will be categorized as LMI residents.
